### CORONAVIRUS UPDATE

You will no doubt be aware of the ongoing uncertainty surrounding the virus and that guidance to the public, businesses and organisations including schools is changing daily. We therefore ask you to stay up to date with NHS guidance as well as taking careful note of any further communications we send from school.

#### Preventing the spread of infection:

Everyone must play their part in preventing spread of the virus by practicing excellent personal hygiene. In partnership with our staff, please ask your child to follow these steps:

- Use tissues to catch a cough or sneeze, then bin the tissue and wash hands.
- Wash hands thoroughly and often, particularly after using public transport, before leaving home, upon arrival at school, after using the toilet, after breaks and sporting activities, before food preparation, before eating any food and before leaving school.
- Avoid touching eyes, nose, and mouth with unwashed hands.
